

Had the time of your life? YOU CAN GO BACK!

Great news for returning or returned au pairs is that new regulations state that as long as you have been back in South Africa for 2 years since you completed your au pair year and you are still within the age requirements (not yet celebrated your 27th birthday), you are able to return to the USA as an au pair!

Contact us for more information or submit a pre-application form online and wait to be contacted!
